2. A personal representative acting for a decedent who died before, on or after August 6, 2016.
3. A conservatorship proceeding commenced before, on or after August 6, 2016.
4. A trustee acting under a trust created before, on or after August 6, 2016.

B. This chapter applies to a custodian if the user resides in this state or resided in this state at the time of the user's death.

C. This chapter does not apply to a digital asset of an employer used by an employee in the ordinary course of the employer's business.

14-13104. User direction for disclosure of digital assets

A. A user may use an online tool to direct the custodian to disclose to a designated recipient or not to disclose some or all of the user's digital assets, including the content of electronic communications. If the online tool allows the user to modify or delete a direction at all times, a direction regarding disclosure using an online tool overrides a contrary direction by the user in a will, trust, power of attorney or other record.

B. If a user has not used an online tool to give direction under subsection A of this section or if the custodian has not provided an online tool, the user may allow or prohibit in a will, trust, power of attorney or other record disclosure to a fiduciary of some or all of the user's digital assets, including the content of electronic communications sent or received by the user.

C. A user's direction under subsection A or B of this section overrides a contrary provision in a terms-of-service agreement that does not require the user to act affirmatively and distinctly from the user's assent to the terms of service.

14-13105. Terms-of-service agreement

A. This chapter does not change or impair a right of a custodian or a user under a terms-of-service agreement to access and use digital assets of the user.

B. This chapter does not give a fiduciary or designated recipient any new or expanded rights other than those held by the user for whom, or for whose estate, the fiduciary or designated recipient acts or represents.

C. A fiduciary's or designated recipient's access to digital assets may be modified or eliminated by a user, by federal law or by a terms-of-service agreement if the user has not provided direction under section 14-13104.

14-13106. Procedure for disclosing digital assets

A. When disclosing digital assets of a user under this chapter, the custodian, at its sole discretion, may do any of the following:

1. Grant a fiduciary or designated recipient full access to the user's account.
2. Grant a fiduciary or designated recipient partial access to the user's account sufficient to perform the tasks with which the fiduciary or designated recipient is charged.
3. Provide a fiduciary or designated recipient a copy in a record of any digital asset that, on the date the custodian received the request for disclosure, the user could have accessed if the user were alive and had full capacity and access to the account.

B. A custodian may assess a reasonable administrative charge for the cost of disclosing digital assets under this chapter.

C. A custodian need not disclose under this chapter a digital asset deleted by a user.

D. If a user directs or a fiduciary requests a custodian to disclose under this chapter some, but not all, of the user's digital assets, the custodian need not disclose the assets if segregation of the assets would impose an undue burden on the custodian. If the custodian believes the direction or request imposes an undue burden, the custodian or fiduciary may seek an order from the court to disclose any of the following:

1. A subset limited by date of the user's digital assets.
2. All of the user's digital assets to the fiduciary or designated recipient.
3. None of the user's digital assets.
4. All of the user's digital assets to the court for review in camera.

14-13107. Disclosure of content of electronic communications of deceased user

If a deceased user consented or a court directs disclosure of the contents of electronic communications of the user, the custodian shall disclose to the personal representative of the estate of the user the content of an electronic communication sent or received by the user if the representative gives the custodian all of the following:

2. A certified copy of the death certificate of the user.
3. A certified copy of the letters testamentary, a small-estate affidavit or a court order.

5. If requested by the custodian, any of the following:
 - (a) A number, username, address or other unique subscriber or account identifier assigned by the custodian to identify the user's account.
 - (b) Evidence linking the account to the user.
 - (c) A finding by the court of one or more of the following:
 - (i) The user had a specific account with the custodian, identifiable by the information specified in subdivision (a) of this paragraph.
 - (ii) Disclosure of the content of electronic communications of the user would not violate 18 United States Code sections 2701 through 2712, 47 United States Code section 222 or other applicable law.

2. An original or copy of the power of attorney expressly granting the agent authority over the content of electronic communications of the principal.

3. A certification by the agent, under penalty of perjury, that the power of attorney is in effect.
